

## Health Sciences

Nephrology    Genetics (clinical)    Dentistry (all)    Obstetrics and Gynaecology

Infectious Diseases    **Medicine (all)**    Cardiology

**Oncology**    Internal Medicine    Emergency

Surgery    Hematology    Anatomy

Gastroenterology    Cardiology and Cardiovascular Medicine    Rehabilitation

Immunology and Allergy    Psychiatry and Mental health    Urology

## Life Sciences

Cellular and Molecular Neuroscience    Biological Psychiatry

Animal Science and Zoology

Virology    Immunology    **Genetics**

Forestry    Soil Science

Insect Science    **Cancer Research**    Biophysics

Parasitology    **Neuroscience (all)**    Molecular Biology    Ageing

Pharmacology, Toxicology and Pharmaceuticals (all)

## Physical Sciences

Oceanography    Physics and Astronomy (miscellaneous)

Geology    **Physics and Astronomy (all)**

Software

**Nuclear and High Energy Physics**

Chemistry (all)    Ecology    Instrumentation

Condensed Matter Physics    Atmospheric Science    Chemical Engineering (all)

## Social Sciences

Archaeology    Linguistics and Language    History and Philosophy of Science

Archaeology    **Clinical Psychology**

Development    **Psychology (all)**

Marketing    Law    History    Philosophy

Urban Studies    **Psychology (all)**    Social Sciences (all)

Health (social science)    Education

Arts and Humanities (miscellaneous)    Economics and Econometrics
